TORNADOES SWEEP OVER MANY STATES

Hail, Darkness and Lightning Accompany Storm.
Many Lives and Much Property Lost.

LOUISVILLE, Ky., Feb. 6.—Death or probably a score of persons, losses of hundreds of thousands of dollars in property and the crippling of many telegraph wires resulted between noon and dusk yesterday from a series of small tornadoes, which swept the south central States from the Tennessee line to the Texas pan handle. The storms were accompanied in most cases by hail, darkness, terrific lightning flashes and sheets of rain.

Most of the towns where loss of life occurred are off the railroads, so that news from them has been coming in slowly. Known casualties are:

Storm's Toll of Lives.

STUTTGART, Arkansas.—Mrs. Garfield and a child of William Story. Mrs. Story is reported fatally injured.

SULPHUR SPRINGS, Tex.—Mrs. James Andis and Mrs. C. Caldwell, from Rolling Fork, Miss. Just before the telephone wires broke word came that four had been killed.

BOOTH, Miss.—Reported to Birmingham that six had met death there.

In other towns such as Ennis and

Waxahachie, Tex., and Boscoe, La., many dwellings are said to have been demolished by the wind.

ARKANSAS AND UPPER LOUISIANA rice fields were injured to the extent of many thousands of dollars, while the larger cities experienced rains and darkness and lightning bolts that made large buildings quiver.

At Chattanooga there was a terrific storm of hail.

Reports last night from Birmingham state that several persons were killed by a tornado at Cullman, Ala., this afternoon.

Violent Storms in Georgia.

COLUMBUS, Ga., Feb. 6.—A rain and electrical storm, which in its violent character was typical of mid-summer, swept over west Georgia early last night.

The rainfall in this section heretofore this winter has been the lightest in many years. A report that Chipley, Ga., was again cyclone swept, is untrue, although high winds prevailed there.

few old records and books of the company.

It is understood that the company will begin the erection of another larger and more commodious building for this point within a short time and have it ready for the main rush of spring shipping of vegetables from this place.

Meetings On the Streets.

Rev. Francis Wort and Wesley Schneider of Benton Harbor, Mich., evangelists, were preaching on the streets yesterday and last night. They represent the House of David Church, and are styled Israelites, and their custom is similar to the olden times in wearing apparel. They attracted considerable attention with their long hair and mode of dress.

Honest Wash as a Farmer.

L. W. Fennell returned from his grove and farm yesterday, after having spent the past week there. He has again indulged in his old pursuit of farming and is considered one of the most successful planters of the county.

KIRKWOOD DEPOT IS DESTROYED BY FIRE

SUPPOSED TO HAVE CAUGHT
FROM A PASSING ENGINE.

Building to Be Replaced by New and
Better Depot for Large
Shipping Section.

KIRKWOOD, Fla., Feb. 6.—The passenger and freight station of the Tampa and Jacksonville railway was destroyed by fire on Friday evening, and it is supposed that the building caught from a passing engine.

While the building was not a very large one it amply met all the requirements of the business from that place, and the loss is almost a total one.

At the time of the fire the building was filled with freight, but fortunately a large number of people were around the building and succeeded in saving everything except possibly a

California Assembly Post- poned Action on Jap Bill

SACRAMENTO, Cal., Feb. 6.—Speaker Phillip A. Stanton took the floor yesterday and secured, by a strong appeal, unanimous consent of the assembly to postpone further action on the Japanese school segregation until next Wednesday.

He declared he had information, which he could not reveal, that proved the assembly was treading upon dangerous ground in passing the anti-Japanese bill Thursday.

At the conclusion of the Speaker's address Grove L. Johnson, author of the measure, asked that the matter of reconsideration of Thursday's vote be put over until Wednesday, and his motion carried without dissent.

Questions Constitutionality.

The Governor sent a special message to the House raising the point of the bill's constitutionality, and this was the subject of a long debate, during which it was suggested by leaders on both sides that the measure be re-

ferred to the Committee on Judiciary and submitted to the Attorney-General for an opinion as to its legality.

Senator A. Gaminetti introduced the Japanese school bill in the Senate. Both houses adjourned until Monday morning.

Would Violate Treaty Rights.

SACRAMENTO, Cal., Feb. 6.—Gov. Gillett sent to the Assembly yesterday a special message appealing to that body to rescind its action of Thursday by which the Japanese school segregation bill was passed.

The Governor calls attention to the contention of Japan, which is not refuted by the United States Government, that the bill as passed, violates the treaty rights of the empire. He does not enter into a discussion of the merits of this position, stating that it is a debatable question, but reiterates that Japan would consider it an unfriendly act to exclude from the public schools the children of its subjects.

WEEKLY NEWS LETTER FROM WASHINGTON

CONGRESS WASTING TIME DAWDLING OVER SMALL MATTER.

No Appropriation Likely for Conservation of Our National Resources.

The Wireless Attachment.

WASHINGTON, D. C., Feb. 6.—Congress, which has now but little over three weeks for the passage of many important measures before inauguration, continues to dawdle and waste its time. This week it has spent many hours arguing over a twelve thousand dollar appropriation for automobiles for the White House. Representative Sims of Tennessee and twenty-seven of his friends are sternly opposed to the introduction of automobiles for the President, and he, with a number of his colleagues, have made speeches against this, their pet aversion. Their arguments have been futile in the lower House, though, and all of their gory pictures of the dead and wounded who are left in the trail of the gasoline machines succeeded in securing only twenty-seven votes against the appropriation, to 185 in its favor. Mr. Taft will have a chauffeur and a footman, and if the ordinary man is a judge of such things he will get all of the punishment that Mr. Sims and his friends wish him. The horse is a known and tried luxury, but the automobile is a fitful, unreliable thing as yet, and no man can be the possessor of one, much less two or three, without having as much trouble as his envious friends and enemies can wish him. And if the automobile is a care, there are no mild terms for the description of the load of trouble he has undertaken in a chauffeur. If the automobile is still far from perfection the average chauffeur has just emerged from the nether regions. Probably Mr. Taft will not be so unhappy in his automobile as the average man. His chauffeur will be responsible to someone besides the President, who will not have to find out that his car is left to stand in oil to weaken the tires; that tacks are recklessly sprinkled in his garage for the same purpose and that gasoline is soaked into the inner tubes with the object of having them blow up. The chauffeur has a rake-off on all supplies and repairs for his machine, and it is up to him to see that the car which would ordinarily behave like an angel on wings does not pursue its peaceful career. Presumably there will be someone to see that when the cars are turned in at night the chauffeur does not take his family and friends out for moonlight drives, and it is to be hoped that there will be some adequate inspection of the car before it starts out on a long trip, so that Mr. Taft may not find himself stranded miles from a car line on a lonely road. Still, if all of these safeguards are provided there will doubtless be many times when the President-elect and his family will wish for horses, when Mr. Sims and his twenty-seven friends may indulge in "I told you so."

It is probable that the friends of the movement for the conservation of our national resources will see Congress adjourning without having made provision for that purpose. So far that body has appeared content to let the movement drift, and it is not likely the enemies of the movement will allow an appropriation to be made for it in the last hurried month that remains. The President has done his best, and there may be other messages dispatched to Congress with the object of prodding it on to its duty in the matter. The enemies of conservation, led by the Speaker of the House, are so numerous and powerful, though, that it is not likely anything will be accomplished, and the fifty thousand dollars that the President has asked for the beginning of the work will probably not be forthcoming. Mr. Pinchot, the national forester, has returned from his trip to Can-

FAILURE TO STOP NEGROES' ATTACKS

May Bring Racial Clash in Smoky City---Women and Girls Are Victims.

PITTSBURG, Feb. 6.—To bring justice to the perpetrators of the many recent attacks on white women and girls in the Herron Hill, Lawrenceville and Southside districts of this city and to take steps to prevent a recurrence of the crimes, the better element of the negroes have issued a call for a general mass meeting to be held next Tuesday night.

The feeling between the white people and the negroes is becoming more acute as each day brings its quota of attacks and reported attacks on white girls by negroes. The populace of the affected districts is highly wrought up over the existing situation and only the most careful vigilance on the part of a double force of policemen prevented a serious clash between the races.

Two Girls Are Attacked.

Blanche Smith and Rose Sesock, residing in a suburb, were attacked by negroes yesterday, but their screams frightened the assailants, who escaped. Two negroes, accused of being those who attacked the girls, were later arrested and sent to the workhouse for three months.

John Stokes, a negro, aged 32, was arrested on a charge preferred by Mrs. Jane Thompson of the Southside, who

alleges he entered her home and the room of her daughter, but was frightened away by the screams of the girl. The man will be given a hearing today.

Aged Woman a Victim.

JOHNSTOWN, Pa., Feb. 6.—Mrs. Mary Kruise, aged 80 years, was attacked at her home near here yesterday by a negro. The aged woman's screams frightened her assailant, who escaped, leaving his victim in a critical condition.

Shortly after the assault a negro giving the name of Arthur Cochran and said to be the one who committed the crime, was arrested and is being closely guarded, as the neighbors of Mrs. Kruise threaten to do the prisoner bodily harm.

Bullet Stops a Marauder.

UNIONTOWN, Pa., Feb. 6.—Mrs. Anna Davis of Lynn's Station, near here, shot and fatally wounded James Donahue yesterday when he and another white man and three negroes attempted to force an entrance into her home. The men laughed at the woman when she warned them to leave. Seizing her husband's revolver she fired through the door.

SLIGHT, ranging from three hundred to one thousand dollars, and its maintenance is not exorbitant, and it is proposed by the Committee on Merchant Marine to urge that all ocean steamers carrying more than fifty passengers shall carry the apparatus.

Friday Night's Fire.

The building destroyed by fire and owned by J. R. Montgomery on Friday night was a large two-story frame structure and valued at about \$1,000, which was almost a total loss, as the insurance carried was only a small amount. Most of his household effects were saved by the large number of people assembled there to attend a fish fry.

Dance at Archer.

The young people of Archer gave a delightful dance on Friday night, which was largely attended by the young folks there and adjoining the town. Part of the Gainesville Orchestra was engaged and furnished music for the occasion.

Savannah Market Firm High Grade of Sea Island

SAVANNAH, Ga., Feb. 6.—The Sea Island cotton market for the high grades of the staple was firm during the past week, but dull and easy for the lower grades, which were not in demand. Fair sales were made, considering the recent depletion of the offering stock. The quality of the cotton coming in, except in the case of holding lots, is inferior, which in connection with the poor demand for lower grades, explains the weaker feeling in the inferior qualities.

Sales for the week were 637 bales.

The following prices were based on

factors' quotations and are revised weekly on Fridays:

Fancy Georgias	19	@ 20%

CHARLESTON, S. C., Feb. 6.—Sea Island market steady; fine, 20c; fully fine, 22c; extra fine, 23c. Receipts, 109; exports, 703; sales, 450; stocks, 2,290.

S. P. C. A. FORMED
SATURDAY AFTERNOON
MRS. E. C. F. SANCHEZ CHOSEN AS
PRESIDENT OF MEETING.

By-Laws to Be Drafted by Special
Committee Who Will Submit Re-
port at Next Meeting.

A society for the prevention of
cruelty to animals was formed in
Gainesville Saturday afternoon by a
large number of ladies and gentlemen
who assembled pursuant to the call
published in The Sun, the meeting
being held in the offices of The Dutton
Bank.

The assembly was called to order
and Mrs. E. C. F. Sanchez chosen as
president, while Miss Mabel Sanchez
was selected as secretary.

Much discussion was indulged in
and Mayor Davis read, for the benefit
of those present, the city's ordinance
governing horses and other animals,
stating that while he heartily approved
of the move made by the ladies he
deemed it best for him not to become
a member while he was holding his
present position as mayor.

Mrs. Sanchez appointed as a com-
mittee on name and by-laws Col. W.
E. Baker, Mesdames W. L. Hill and W.
P. Morrow, who will arrange the by-
laws and submit them to another
meeting of the association to be called
by the president.

Major Thomas suggested that the
committee correspond with Savannah,
Jacksonville and other places and obtain
a copy of their by-laws, which
would doubtless prove a help to the
committee.

Col. Baker read the State laws con-
cerning animals and birds and sug-
gested that it would prove advan-
tageous for the association to solicit
the sheriff and police to become mem-
bers of the association, as they could
pick up all offenders without first se-
curing a warrant for their arrest.

Upon motion of Mrs. L. C. Lynch
the meeting adjourned subject to the
call of the president, which will be
following the committee's report on
the by-laws.

The association has been success-
fully launched here, which shows another
step in the forward march, and the
good work to be done by the ladies
and men who composed the meeting
is everywhere evident, and many
cases can be cited to their attention.

BURTZ IN NEW ROLE.

"Never Sleeps" Engages in the Theat-
rical Business With Hudgins.

Jesse E. Burtz has engaged in a
new business, which he proposes to
follow in the future should the ven-
ture prove successful and a good
money maker.

He has associated himself with
Theo Hudgins, an old-time and favorite
actor of wide experience, and the
two have formed the Burtz-Hudgins
Production Company, which will make
all the principal Florida cities and
towns throughout this section.

Jease left yesterday for Ocala,
where he goes for the purpose of
making arrangements to present
"Charlie's Aunt," which will be played
there as a benefit performance, the
same as it was put on in this city.

Later, should the venture prove
profitable, they will have a regular
company and will travel over all of
the State regularly.

A Delightful Occasion.

One of the pleasant occasions of
the past week was the picnic tendered
in honor of Messrs. Hall and Mack,
leaders of the singing at the Bible
Conference, by L. W. Chase, Friday.

There were eleven in the party, and
the shores of a beautiful lake in the
Rocky Point section was the place se-
lected, the party going out after the
Bible hour in the morning and return-
ing before the service in the after-
noon. Dinner proved especially en-
joyable, as the day was delightful and
the scene enchanting.

WORTH MOUNTAINS OF GOLD

During Change of Life,
says Mrs. Chas. Barclay

Graniteville, Vt.—"I was passing through the Change of Life and suffered from nervousness and other annoying symptoms, and I can truly say that Lydia E. Pinkham's Vegetable Compound has proved worth mountains of gold to me, as it restored my health and strength. I never forgot to tell my friends what Lydia E. Pinkham's Vegetable Compound has done for me during this trying period. Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my trouble public so you may publish this letter."—MRS. CHAS. BARCLAY, R.F.D., Graniteville, Vt.

No other medicine for woman's ills has received such wide-spread and unqualified endorsement. No other medicine we know of has such a record of cures of female ills as has Lydia E. Pinkham's Vegetable Compound.

For more than 30 years it has been curing female complaints such as inflammation, ulceration, local weaknesses, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration, and it is unequalled for carrying women safely through the period of change of life. It costs but little to try Lydia E. Pinkham's Vegetable Compound, and, as Mrs. Barclay says, it is "worth mountains of gold" to suffering women.

NEWS OF CITY AND COUNTY CONDENSED

S. R. Harville, one of the best citizens of Alachua, was a welcome caller at The Sun office yesterday.

J. H. Stanley of Hague is among the visitors to the city, having come down to look after a real estate deal.

Walker Wilson, a valued employee of the A. C. L. in this city, returned last night from a short business trip to High Springs.

Miss Dollie Rowell, an attractive young lady who is teaching the Paradise school, was among the shoppers visiting the city yesterday.

F. A. Roux and wife of Floral City, who came here on the sad mission of burying their little son, Elmo, returned to their home yesterday.

Rev. K. K. Griffiths and wife of Alachua were visitors to the city Saturday. Mrs. Griffiths is one of the assistants in the Alachua High School.

W. W. Colson, county tax assessor, has returned from a short visit to Tampa, where he went for the purpose of taking in the sights of the State Fair.

J. T. Harris and Lem G. Harris of LaCrosse were in town yesterday and made a pleasant call at this office. They report a nice rain in their section Saturday morning.

Mrs. Sue Feaster of Micanopy was a visitor to the city yesterday, a guest of Mrs. H. H. McCreary. She was en route to Jacksonville, where her brother, Mr. Frank Hagood, is quite ill.

Mrs. R. Wilson announces in her space today that she still has many rare bargains which she is offering at her old stand to clean up and make room for the new spring goods which are now arriving.

Mrs. Wolfenden of Worthington Springs was among the shoppers visiting the city Saturday. While they lived at Sampson City she frequently visited the city and has a large number of acquaintances here.

Mrs. W. B. Higdon has as her guest her aunt, Mrs. J. T. Leeper of Birmingham, who will spend the next several weeks here. Her sister, Miss Mattie Bandy of Kissimmee, is also visiting her for a few days.

R. B. Peeler has opened a new store in South Gainesville, where he will

D. M. Zetroner of Rochelle was here Saturday. He is one of the successful planters in that section and is also engaged in the raising of fine cattle, having recently stocked up his herd with some registered animals.

Foley's Orino Laxative cures constipation and liver trouble and makes the bowels healthy and regular. Orino is superior to pills and tablets as it does not gripe or nauseate. Why take anything else? J. W. McCollum & Co.

Rev. A. B. Welch, supervisor of the colored school at Bennington, known as Green school number 30, made a business call to this office Saturday. He reports his school in fine condition, more than ninety students being enrolled.

Rev. C. C. Woods, assistant editor of The St. Louis Christian Advocate, is in the city visiting his son, the popular book-keeper of the Gainesville Hardware Company. He is en route to Sarasota, Fla., where he will visit some time.

W. F. Barry and A. B. Clarke of Alachua were welcome visitors to The Sun office Saturday. The former renewed his subscription, while the latter had his name added to the subscription list of Alachua county's leading newspaper.

Hoarse coughs and stuffy colds that may develop into pneumonia over night are quickly cured by Foley's Honey and Tar, and it soothes inflamed membranes, heals the lungs, and expels the cold from the system. J. W. McCollum & Co.

Some of the Gainesville boys had better look out. The piano contest is demonstrating that some of the young lady contestants who reside in this city have many admirers in the rural districts, as shown by the number of letters enclosing coupons to The Sun.

W. Z. Chappel and wife arrived in the city yesterday from their home at Hastings and will spend a short while here visiting the former's brother, who lives in East Gainesville. Mr. Chappel has only recently married and his host of friends here extend to him their best wishes.

Dr. A. E. Cline, veterinary surgeon, has opened offices at Crawford & Davis' stables and solicits a share of the public business. He is a graduate of the Kansas Veterinary College and is here to practice his profession. Calls answered day or night. Horse dentistry, cattle and dogs all receive prompt attention.

The Gainesville German Coach Horse Company had their regular annual meeting yesterday and decided for reasons best-known to themselves to sell at auction the fine stallion Hoffman, a notice of which appears elsewhere. This will be a bona fide sale, no by-bidding, and the highest bidder gets this fine stallion.

Dr. Armstrong, the well-known Jacksonville specialist, will make his next professional visit to Gainesville February 9th. Office at Brown House, for one day only. The Doctor has been very successful in overcoming all forms of eye trouble, nervousness, headaches and stomach troubles—also straightens cross-eyes without knife.

C. R. Kluger, the jeweler, 1060 Virginia avenue, Indianapolis, Ind., writes: "I was so weak from kidney trouble that I could hardly walk a hundred feet. Four bottles of Foley's Kidney Remedy cleared my complexion, cured my backache and the irregularities disappeared, and I can now attend to business every day, and recommend Foley's Kidney Remedy to all sufferers, as it cured me after the doctors and other remedies had failed." J. W. McCollum & Co.

Mrs. Wolfenden of Worthington Springs was among the shoppers visiting the city Saturday. While they lived at Sampson City she frequently visited the city and has a large number of acquaintances here.

Mrs. W. B. Higdon has as her guest her aunt, Mrs. J. T. Leeper of Birmingham, who will spend the next several weeks here. Her sister, Miss Mattie Bandy of Kissimmee, is also visiting her for a few days.

HARVARD—JOLLY.

Two Popular Young People United in Marriage at Waldo.

Tuesday, Feb. 2, 1909, the goddess of happiness spread her mantle of bliss over the M. E. church and held her jeweled wand over as joyous a throng of men and women as ever gathered in Waldo.

The spacious church was beautifully decorated with moss, arbor-vitae and other evergreens, rare flowers, diffusing delicate fragrance and many plants of tropical variety helped to make the scene one long to be remembered, a joy forever.

At 3:30 the seductive strains of the piano broke forth into the most exquisite music, beneath the bewitching touch of Miss Alma Fennell of Gainesville. Instantly Miss Futch of Gainesville, the charming bridesmaid, entered, marching up the aisle, followed by little Francis Irwin of Fairbanks and Lucile Boring as flower girls, and in the rear came Mr. Jolly with the arm of his lovely daughter linked in his. Miss Jolly was met at the altar by the groom, Mr. Harvard, and Mr. Vance Winter as best man. Rev. T. L. Z. Barr, pastor of the M. E. church, South, awaited them, and in the most impressive manner performed the beautiful marriage ceremony and declared this noble man and charming woman to be husband and wife. The happy couple left on the afternoon train for Jacksonville and places on the East Coast.

The wedding presents consisted of many valuable and beautiful articles, fine silverware, elegant china and many pieces of cut glass.

Mr. Harvard is one of our most popular and prosperous young men. He is universally admired and esteemed by all for his great moral worth and exemplary life. His bride is one of the loveliest and most charming young ladies, with a large circle of admiring friends, who love her for her amiability, her goodness and those noble traits of character which always win for the fortunate possessor the love and esteem of all.

Mrs. L. W. Jackson	1,500
Mary Fernandez	400
Fossie Graves	125
Emma Lee Hudson	100

L. J. BURKHAM.

For City Marshal.

To the Voters of the City of Gainesville:

I am a candidate for City Marshal, for re-election on April 13. I have served the people faithfully and efficiently, night and day, and my record is open for inspection.

If my service during the past year has been satisfactory I ask the support and vote of each and every citizen who is qualified. I can only promise the same service as I have endeavored to give in the past.

Yours for order,

BEN T. ARNOW.

I take this method of informing the public that I am a candidate for City Marshal at the election to be held on April 13, 1909. I respectfully solicit the support of all voters, irrespective of party affiliation, and promise to faithfully and impartially discharge the duties of the office should I be elected. Respectfully,

CHAS. C. WARREN.

I respectfully announce myself a candidate for the office of City Marshal, to be voted for at the election on April 13, 1909. If elected I will faithfully discharge the duties of the office without fear or favor. I respectfully solicit the votes of all, irrespective of party affiliation.

CHAS. M. DELL.

S.S.S. NATURE'S CURE FOR BLOOD POISON

S. S. S. is known as Nature's Cure for Contagious Blood Poison because it is prepared entirely from the blood purifying and healing extracts of roots and herbs and barks taken directly from the natural forests of the land. It does not contain the least particle of strong mineral ingredients, and is prepared as to aid in the upbuilding of every portion of the system, while driving Contagious Blood Poison from the blood. No unpleasant effects ever follow the use of S. S. S., such as stomach troubles, dyspepsia, mercury, etc. S. S. S. goes down to the very bottom of the trouble and gently but surely drives out every trace of the disease, cleanses and purifies the circulation, and ravages of the disease, and regain its natural healthful condition. S. S. S. does not cover up or hide the symptoms for awhile, to break out later, but so thoroughly does it remove the cause that no signs of the trouble ever return. S. S. S., Nature's cure, is the surest and safest remedy for Contagious Blood Poison. Home Treatment Book with valuable suggestions and information, and any medical advice free to all who write.

SURPRISING INFORMATION.

(Tampa Tribune.)

That The Tribune has not been without reason in making diligent inquiries concerning the proceedings of the Internal Improvement Board under the former administration is disclosed in somewhat startling style in a special dispatch from Tallahassee to The Pensacola Journal in which the surprising statement is made that the compensation of W. S. Jennings, who has been General Counsel for the board during the Broward regime, was \$15,000 in 1907 and \$17,600 plus expenses in 1908.

That few people in this State have had the slightest idea that any such sum was being paid any official of the State government goes without saying. Much criticism was indulged in throughout the State when it was stated that Jennings was receiving a salary of \$5,000 a year as General Counsel for the Internal Improvement Board and this fact was discussed generally on the stump in the recent and in previous political campaigns, furnishing ready-made material for the opponents of the Broward administration and causing a veritable storm of protest whenever it was announced—but that this \$5,000 grew to \$15,000 in 1907 and to \$17,600, plus expenses, in 1908, almost passes belief and cannot help but produce in the minds of the taxpayers the impression that "the half has not been told" about the doings of the past four years at Tallahassee.

The special which conveys this intelligence to readers of The Pensacola Journal also states that, on motion of Attorney-General Park M. Trammell, the office held by Mr. Jennings has been abolished and the duties of the office assumed by the Attorney-General without additional compensation. It is furthermore stated that Messrs. Croom and McLin disapproved the action of the board in displacing Mr. Jennings, but that Governor Gilchrist insisted that the records show that Mr. Jennings' service terminated December 31, 1908, and it was so ordered.

That this attorney received compensation more than three times greater than any other official of this State, and his expenses in addition, compensation which would be considered excessive if paid to the very ablest lawyer in Florida for similar services, is a revelation which will doubtless add to the State-wide disfavor in which the former administration is held; and it will be certainly an occasion for the people of Florida to thank their lucky stars that the ballots of the Democracy brought about a timely change.

The Tribune well remembers how Frank Clark, in a speech on the drainage proposition, fairly reveled in his finest satire in discussing how the State was "buncoed" when it paid W. S. Jennings \$5,000 a year; but what would not Frank Clark have said about a \$17,600 plus expenses salary? He would have been stricken speechless for once in his life.

The Tribune congratulates the State that the board, as now constituted, has put an end to this sort of business, and especially that it is bringing out these facts for public information.

On Monday and Tuesday, February 22 and 23, the tenth annual celebration of the ancient festival of Shrove Tuesday, or Mardi Gras, will occur at Pensacola, Florida, and from daily stories appearing in both of the Deep Water City's newspapers, it would appear that this year's celebration of the carnival season will eclipse all former celebrations both in the number of entertainment features and the magnificence of the allegorical floats, which will be seen in the big parade on Tuesday night, the 23rd.

Beware of Ointments for Catarrh That Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by all druggists. Price, 75c per bottle.

It is hoped that Governor Gilchrist will see some way to recommend in his message to the Legislature a measure that will reduce the heavy State taxation. The State tax is simply outrageously high. That pension law enacted at the last Legislature should be repealed. We believe that every needy Confederate soldier should be taken care of by the State, but under the present law a poor widow is taxed to furnish a pension to a person who could buy her out ten times. We say that this is unjust, and the law should be amended so as to tax the people for a pension fund for only the needy.—DeLand Record.

Hon. Syd L. Carter will be the next Speaker of the House, and is one of the best equipped men in the State for the position. We believe that the whiskey question will be the leading principle in the fight. And Col Carter is absolutely on the dry side; representing a dry county, he will get the support of that side, who are largely in the majority. He is not only an able man but he is absolutely honest. A man whose heart ever beats in sympathy with the poorer classes of our people, Florida never had an abler, better prosecuting attorney than Col. Carter. No one in the State will be prouder than we will to see him made Speaker. We would stake our life upon him in any position.—Bartow Record.

STATE PRESS COMMENT.

Calhoun is the only county in the State that voted a Republican majority in the last national election. Bryan electors received 241 votes and Taft electors 339 votes.—Jasper News.

Governor Gilchrist is remembering his friends all right. He has lately handed A. P. Jordan the lucrative position of Inspector of Pure Foods.—Macclenny Standard.

And in so doing he is perfectly correct. A man who will ignore his friends is no man at all. The appointment of Jordan, however, was a good one from every standpoint.—Jasper News.

The people have been on the wrong scent. It is not the railroads, corporations and trusts that oppress the people, but the Government itself. No man could oppress his fellows in any wise except by Government consent and connivance. The Government is responsible for the wrongs it permits and for the greater wrongs it commits itself in the name of the very people who are being wronged.—Bronson Times-Democrat.

UNIVERSITY NOTES

annual public debate between the literary societies of the University will take place on March 14. The subject selected is: "Resolved, that the dissolution of the political party of the South would be beneficial to the South and the nation at large." Messrs. Martin, Rader and Chapman, the representatives of the Alpha society will defend the negative through its debators, Mr. Chapman, Glaser and Kay. The debate is cordially invited to attend. The committee on athletics is arranging to hold the annual field sports in the afternoon of the 22. The students are already in training for the various events, and it is probable that our records will be broken. The contests will be held at the University. Everyone is cordially welcome and judging from the past year a large crowd will be in attendance.

At a recent meeting of the Athenaeum Club a very interesting discussion was introduced by Dr. Kepell. The paper, entitled "Some of the Great Mathematicians," was really a history sketch of the history of mathematics, and he discussed also the philosophy of the subject. In the general part interest was further increased by the pictures of the great mathematicians mentioned, the pictures being thrown upon a screen.

The meeting on last Friday evening was addressed by Prof. Fawcett on "Micro-organisms and Politics." Dr. Kepell handled in a masterly way the recent legislation intended to prevent or mitigate the ravages of diseases like consumption, yellow fever and typhoid. The paper was discussed by all present.

The second term began on February 1 and several new students were enrolled. The results of the examinations which closed the first semester were on the whole quite good.

The University, as well as the Experiment Station, sent a very creditable exhibit to the Tampa State Fair. Among those of the University circles who have gone to Tampa is Dr. W. M. Johnson.

Prof. Vernon has recently returned from Lake Butler, where he made an address before the Bradford County Teachers' Institute on "Agriculture in Public Schools."

The appearance of Chapel Hall is much improved by the handsome portraits of Jefferson Davis and Robert E. Lee, presented on Lee's birthday to the University by the Kirby Smith Chapter, U. D. C.

Many Sleepless Nights, Owing to a Persistent Cough—Relief Found at Last.

For several winters past my wife has been troubled with a most persistent and disagreeable cough, which initially extended over a period of seven weeks and caused her many sleepless nights," writes Will J. Hayner, of The Burley (Col.) Bulletin. Various remedies were tried each with no beneficial results. In December last the cough again put in appearance and my wife, acting on suggestion of a friend, purchased a bottle of Chamberlain's Cough Remedy.

The result was, indeed, marvelous. After three doses the cough entirely disappeared and has not manifested itself since." This remedy is made by all druggists.

DO IT NOW

Gainesville People Should Not Wait Until It Is Too Late.

The appalling death-rate from kidney disease is due in most cases to the fact that the little kidney troubles are usually neglected until they become serious. The slight symptoms give place to chronic disorders and the sufferer goes gradually into the grasp of diabetes, dropsy, Bright's Disease, gravel or some other serious form of kidney complaint.

If you suffer from backache, headaches, dizzy spells; if the kidney secretions are irregular of passage and unnatural in appearance, do not delay. Help the kidneys at once.

Doan's Kidney Pills are especially for kidney disorders—they cure where others fail. Over one hundred thousand people have recommended them. Here's a case at home:

Mrs. A. H. Leonard, 304 E. Liberty street, Gainesville, Fla., says: "I feel that from personal experience and that of several of my friends who have used Doan's Kidney Pills, I can endorse them very highly. Any person suffering from backache, headaches, chills, nervousness or any of the other symptoms arising from disordered kidneys, will make no mistake in giving Doan's Kidney Pills a trial. They always act quickly, cause no inconvenience and live up to the claim made for them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

A GOOD SHOWING.

Ogden Colored School Doing Good Work—People Prosperous.

Editor Sun: As The Sun is the principle organ in this county please allow space to say a few things concerning the colored people in the Ogden school district. Mrs. Mamie Bowers will close a successful session next Wednesday.

She has enrolled about 85 with a high average. About 26 patrons are sending to this school, 18 of whom own and operate their own farms. These 18 families own 1,825 acres of land, 30 mules and horses, and about 60 head of cattle. Besides, there are six families who have not as yet sent their children to school, but who own 400 acres of land and eight head of mules and horses. It is observed that nearly 75 per cent of the patrons are land owners, averaging about 100 acres to the family. The major part of these properties has been paid for. The writer has 20 years' experience and can say candidly that the people are trying to be loyal citizens. Crimes are rare. Two murders have been committed in 20 years, and in each case the deed was done by a transient man. The people have trebled their wealth in the last five years. It took nothing but a "panic" to stop them. By noticing our prosperity it will be seen that the school is not a financial burden to the county. Such is the condition of a people who have had two school sessions in seven years. We hope that our county board will hereafter put us in the first ranks of colored schools for trying to improve ourselves along all lines.

Special Services at Colored Church.

The Mt. Pleasant Methodist Episcopal church (colored) will have a special service all day. The new pastor, Rev. Dr. Thos. H. B. Walker, will preach his introductory sermon. Walker is a negro who is well-known among his race, having preached in the largest pulpits of his race both North, West and South. He is one among the few men of his race in the State who have been honored with a degree from a foreign country.

In his sermons against the clubs and dives in Tampa (which tied up the licenses of several clubs and shut the doors of others) he became known throughout the State, as his sermons were published by the leading dailies of Tampa.

A large crowd should hear him both at 3 and 8 p. m.

FLETCHER GASS TO PEN FOR LARCENY

STOLE BICYCLE TIRE FROM MASON RICHARDSON SATURDAY.

Was Given Sixty Days or \$15 and Costs by Justice Carlisle—Will Dip Turpentine.

Fletcher Gass, a little negro who has repeatedly been in court trouble here, will now be given a chance to try the act of dipping gum for Rawls & Co. for the next sixty days, having been found guilty of the larceny of a bicycle tire from Mason Richardson.

Gass is quite a notorious little character about the streets and has not always been caught for the meanness he has been guilty of.

When Sheriff Ramsey went to arrest him on Saturday he had to chase him before finally capturing him, which was done in the rear of the south side block, where the negro had hid himself.

Before Justice Carlisle he was convicted upon the charge of larceny, having taken a bicycle tire belonging to Mason Richardson, and the evidence was so conclusive that the judge fined him \$15 and costs or sixty days in the camps. As the money has not yet been raised he will be taken to the camps Monday.

Six Nights "Go as You Please" Race.

How many tired fathers and mothers in this town enter this race every night carrying a baby? And they wonder what the matter is. Chances are the child is starving—worms are eating all of its food. Most children have worms—yours needn't. White's Cream Vermifuge will get rid of the worms and strengthen the child. Price 25 cents per bottle. Sold by W. M. Johnson.

London Street Noises.

A hundred years or so ago no punishment could have been worse than that of subjecting the victim to the inferno of modern London noises if they had then existed. Dropping water on the forehead, torturing with tweezers, setting food before the starving culprit—out of reach—all of these were exquisite and refined forms of horror, but they all pale before a night and a day in a modern London street.—Town and Country.

Baby Hands

Will get into mischief—often it means a burn or cut or scald. Apply Ballard's Snow Liniment just as soon as the accident happens, and the pain will be relieved, while the wound will heal quickly and nicely. A sure cure for sprains, rheumatism and all pains. Price 25c, 50c and \$1.00 a bottle. Sold by W. M. Johnson.

A FABLE OF NIGERIA.

The Crafty Spider and the Way He Paid His Debts.

The following fable of the spider is one of the folk tales of northern Nigeria:

A spider, it seems, had occasion to borrow a sum of money. A journey round to the generously disposed brought him 2,000 cowries each from the cat, the dog, the hyena, the leopard and the lion. When pay day came round, the spider remained at home to receive the visits of his creditors in a certain prearranged order. First came the cat to claim repayment of his loan. "Hush!" said the spider. "I hear a noise outside. It is a dog come to see me. You must hide under this calabash for safety." The cat was scarcely hidden when the dog, coming in, made a similar request for his money. Says Master Spider, "There is a cat under that calabash. Take him and consider the debt paid." No sooner said than done. Just then a snuffling and scraping were heard at the door. The third creditor, the hyena, had arrived. "Don't be alarmed, my dear dog, but hide here till he has left." And the spider hustled him under the calabash. "I smell a dog," said the hyena, routing about. "Under that calabash," the spider replied, "Eat him up, and your debt is paid." The dog paid the penalty of his simplicity, and all was quiet once more. The hyena was preparing to leave, when he heard an ominous sound that sent him crouching against the wall. It was the patterning of the leopard's feet at the door. "Quick! Under this calabash!" cries his host, and the hyena curls up in the fatal cache, only to meet a like fate from his more courageous enemy. "My debt is repaid," said the leopard, and ran against the lion coming in. A terrible fight ensued, for the leopard and the lion are equal in strength, so the natives say. When blood and dust make havoc in the house and both animals are exhausting their strength the spider is busy at the fire. Seizing a pot of boiling grease, he pours it over the clawing mass. Leopard and lion roll apart in their death agony, and the spider has only to straighten and clean up before resuming once more the humdrum life of fly catching. No wonder he is known as "Malawayo," the crafty one.

Save Money by Buying Chamberlain's Cough Remedy.

You will pay just as much for a bottle of Chamberlain's Cough Remedy as for any of the other cough medicines, but you save money in buying it. The saving is in what you get, not what you pay. The sure-to-cure-you quality is in every bottle of this remedy, and you get good results when you take it. Neglected colds often develop serious conditions, and when you buy a cough medicine you want to be sure you are getting one that will cure your cold. Chamberlain's Cough Remedy always cures. Price 25 and 50 cents a bottle. For sale by all druggists.

Mohammedan Serenity.

A Mohammedan people enjoy one great advantage over all others—they never suffer from the anticipation of that which is to come, and, as a natural result, they can always enjoy the present, although only a few hours may separate them from disaster or even from death. Their implicit belief in an ordained future imparts a dignified repose and outward calm to all their actions. Thus, in spite of the trials and troubles which threatened the state during my stay at Fez, a smooth surface of unchangeable serenity veiled the inner thoughts of every individual, from the sultan to the negro at his gates.—Blackwood Magazine

Reason Enthroned.

Because meats are so tasty they are consumed in great excess. This leads to stomach troubles, biliousness and constipation. Revise your diet, let reason and not a pampered appetite control, then take a few doses of Chamberlain's Stomach and Liver Tablets and you will soon be well again. Try it. For sale at all druggists. Sample free.

His Defence.

Cobble—You certainly have a good cook. By the way, where do you get your servants? Stone—From our neighbors. When we hear of a good one among them we offer her more money to come with us. Cobble—But, my dear fellow, is that honorable? Stone—Why not? Can you develop a sense of honor with a poor digestion?—Life.

Foley's Honey and Tar clears the air passages, stops the irritation in the throat, soothes the inflamed membranes, and the most obstinate cough disappears. Sore and inflamed lungs are healed and strengthened, and the cold is expelled from the system. Refuse any but the genuine in the yellow package. J. W. McCollum & Co.
